A salute to healthy nation ...

Secure Net Appliances Private Limited is one of the leading appliances manufacturing companies of North India with its production facilities at Bawana Industrial Area and Registered office at Pitampura, Delhi. The company was established in 2002 with a vision to cater appliances sellers all over India with good quality products. The products of the company are established in the market with the brand name *Salute*. We are also working as OEMs for many reputed brands in India i.e. we can make appliances in customer's own brand name. We are dealing with appliances like **Induction Cookers, Electric Geysers, Room Heaters, Fans, Electric Irons, JMGs and Mixer Grinders, RO & UV Water Purifiers, Water Ionizers, Electric Kettles, Solar Torches etc.** We are also importing parts of these appliances and have a decent assembly unit at our works. The 22 years long experience of the dedicated team of Directors, Staff and workers in the field helps us to understand the requirements of the market and accordingly to enhance the quality of the product. **Secure Net Appliances** is a sister concern of **Hindustan Engineers** which is a leading company in the field of Water treatment. We have quality certifications like ISO-9001:2015, CE, ISO-14001:2004 & ISO-18001:2007 OHSAS.

We are committed to provide quality products and services to our esteemed customers. The continuous R&D and innovation backed up by good after Sales service helps us to provide new innovative products to the market on regular basis. We take special care for longtime relations with our customers and use their feedback effectively to improve the quality of our products.
